Amy,

It has been a real trip getting to know you. It is always nice to meet someone who has a personality like your own. I'll never forget driving downtown with you. I had fun and I hope you did. I do have to admit I was quite embarrassed 'cause of my car. (Sorry Pen ran out of Ink) I hope I see you over the summer sometime, you're a crack-up. I guess we did get pretty good on those tests for how much we studied. I hope you're in a couple of my classes next year. The school year has really flown by knowing you. Call me if you hear of any good parties over the summer. (or just for the Hell of it - 381-3861) But if you don't want to, then FORGET YOU! Just kidding. Oh did you hear about the Pope? He put some Holy Water in the freezer and came out with a popesicle. (Ark-Ark-Ark)

Love always,

Jon

P.S. Would you believe a good workout could be a disadvantage? Don't tell anyone but I'm looking forward to Summer School (Unless you're there.) I die.

Dear Amy, Again as previous expressions, I'm sorry that my writing is illegible. I've been writing about 4 years now and I really don't know why I can't write better. Sometimes I get the feeling that I'm writing to myself. Oh well, it won't always be this way. Keep your head up and don't get discouraged. Love, Jon

Amy,
Do you believe we are finally done with Sikhrems classes?!!! Thank God! I thought we'd never get out of there. I'm so happy you were in there with me to help me survive!! We definately have to get together this summer and do some hobby partying! We're gonna have to smoke a few pounds, drink a few kegs + take a lot of drugs! Sounds like fun doesn't it? Well, take care! Love, Sue

On February 14, 1972, the musical comedy "Grease" opened on Braodway. It became the longest running Broadway musical, playing eight and one-half years. On February 14, 1981, nine years to the day, "Grease" opened at Loy Norrix, again setting smashing records for largest gross, and net profit, largest attendance, playing for over 6,000, as well as longest total run. NEIGHBORS IN A GLOBAL VILLAGE.

The earth is shrinking.

Today what happens in one part of the world sends ripples to all corners of the globe.

In a very real sense, we all have become neighbors in a global village. No nation, no corporation, and no individual can stand alone.

As your neighbor, The Upjohn Company is dedicated to improving the quality of life for all. Through research. Quality products. Community service. And respect for the environment.

We strive to be a good neighbor in today's global village.

Amy - I'm really glad I got to know you better since last year in Smith's class. I don't know but every once in a while we seem to get into these massive convertations which I really like. Sometimes I think we both just need to get it all out - and it's great. Since summer is only 4 days away I'm sure we'll be seeing each other - parting, what ever. If you ever need to talk to someone - just call me because I'll listen + I'll probably understand. And thank you for talking to me that one night at Joanna's - it helped a lot - it really did so call me - we won't fall out of touch this summer - I'll make sure! We can even go to the beach and get nice and tan (ha!) and raise hell. OK?

Amy,
It was nice getting to know you this year. We will go to some of those movies at Le Bijou II this summer. It was a blast in french! Mrs. Reisch will be an unfortunately unforgettable person. The final in here should be rather easy, thank you. See you this summer.
